Jefferson County
Christian School
ROYALS

Dear JCCS Families,

Welcome back to another exciting school year at Jefferson County Christian School! As we begin the 2026-27 school year, I want to express my gratitude to the families, students and staff who together make JCCS such a special place. Whether you are a returning family or joining our school for the first time, we are glad you are here and look forward to everything we will experience this year. On behalf of our faculty and staff, thank you for the trust that you place in us to be a resource for your family.

This summer was quite busy preparing for our students to return. Inside the school building, we have removed the carpet and replaced it with vinyl flooring in the office, front entrance and second floor hallway. Outside, several sections of our concrete sidewalk were removed and repaired. In addition, we replaced the nets around the playground that keep the basketballs and footballs inside the fence. The most intense of all the projects was the removal of all the old mulch and replaced it with a completely new rubber mulch system - 20 tons of rubber mulch to be exact! Each of these improvements has a positive impact on the health and safety of our students. God has been so good!

I want to take a moment at the beginning of this year, to share our mission. The formal Mission Statement of JCCS is to provide an education that pursues academic excellence while nurturing our students' Christian character and pointing them toward their Kingdom purpose. This mission consists of three distinct parts.

letter continued...

First, we are committed to academic excellence. That looks different for every student because each student has different abilities. What is the same for everyone is that our students are challenged to think critically, work diligently, and grow into capable, well-prepared learners. The second component of the mission is that we nurture Christian character. We look to see our students grow not only in knowledge, but in wisdom, integrity and faith. We understand that who they become matters as much as what they know. Finally, we point students toward their Kingdom purpose. We help students to discover and embrace the calling God has for their life. We want students to leave educated and equipped to serve His purposes wherever He leads them.

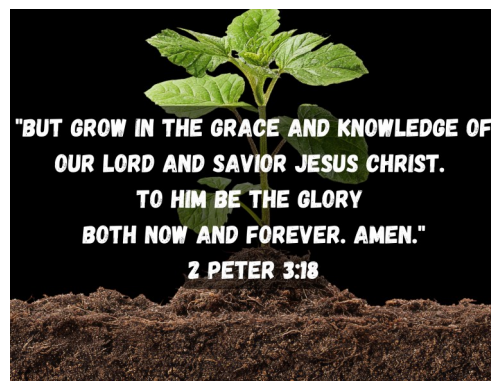

As we begin this new school year, we have chosen 2 Peter 3:18 as our theme verse for JCCS: But grow in the grace and knowledge of our Lord and Savior Jesus Christ. To Him be the glory both now and forever. Amen. Our prayer is that this verse would set the tone for our year together - that every student, family and staff member would continue to grow not only academically, but in grace and in the knowledge of Christ, so that in all we do, He receives the glory.

Thank you for choosing Christian education and specifically, Jefferson County Christian School.

In Christ's Service,

Scott Abercrombie

Mr. Scott Abercrombie, Administrator
